Specialist Jazz Dance Centre T & C's

Artistic Director: Kim Dresner

The Jazz Factory, established in 1993, is the North Shore's premier Dance Centre specialising in jazz dance. We run classes for children of all ages and of all levels of dance training and experience.

Our aim is to foster a love of dance and a freedom of self-expression through movement by means of the jazz ballet technique. Enjoyment is our number one priority, however all children are encouraged to develop their dance style and technique to their full potential.

In addition to weekly jazz dance lessons, students are given the opportunity to participate in dance festivals, eisteddfods and community events, ATOD examinations (senior levels only) and **The Jazz Factory's** annual concert. Selected senior students are also involved in assisting with teaching as they prepare for teaching diploma examinations.

The Jazz Factory's Artistic Director, Kim Dresner has trained in all forms of dance, as well as in theatre and music, Kim has taught jazz dance in the area for a number of years and is a qualified associate teacher with the Australian Teachers of Dancing.

Jazz Factory students regularly receive prizes at all major Sydney and regional eisteddfods, as well as State and Australasian Championship levels. A large number of all examination students have received Honours or Honours Plus gradings. Former students have danced with the Sydney Dance Company, Bondi Ballet, the Compañía Nacional de Danza in Madrid and have undertaken further dance study at HSC, University Level and Full Time Dance Courses.
